SAANICH PENINSULA AND GULF ISLANDS REVIEW

IDEAL AREA FOR BEAUTIFUL HOMES

THE Saanich Peninsula and Gulf Islands enjoy the most favorable climate on the Coast and the scenery cannot be surpassed. For those wishing to retire in delightful surroundings and get away from the extreme cold and heat of the prairies or too much wet weather of other sections of the mainland this area should be given serious consideration. Any reader on the "outside" wishing more information regarding any particular spot on the Saanich Peninsula or Gulf Islands, with a view to eventually coming here to live, is invited to write us. All information we can possibly give will be cheerfully furnished free of charge. Drop us a line today, don't put it off any longer. SWIMMING GALA WAS BIG EVENT; IDEAL WEATHER

A large crowd gathered at the Ferry Wharf, Sidney, when the Sidney Board of Trade held their fourth annual Water Gala. The weather proved ideal for such an occasion, having cleared up after Sunday night's rain and several hundred very interested spectators gathered on the beach to witness the events.

The program, which consisted of 21 events, swimming, diving, etc., was entered into by the contestants with great enthusiasm, the cup-holders having great difficulty in some events to hold their own. Miss Dorothy Carter retained with ease the cup for the 100-yard race, but had a close second in 50-yard race by Alberta Critchley who has come to the front since last year and won out in the Guide race as well as the race for girls under 15.

An amusing event was the married ladies' race, there being only two contestants, both having only learned the art of swimming not more than a week or two previous. It was well named "The Walking-Swimming Race" when the prizes were given out.

Miss Audrey Griffin and Mr. Darbyshire of Victoria, who have been present on other occasions at these annual events, were again on hand and at the close of the program gave an exhibition of fancy diving and swimming which is of considerable value to beginners with ambitions to become champions some day.

Miss Griffin and Mr. Darbyshire acted as judges for the different events.

After the sports several big water-melons were "carved" up and distributed to the youngsters—big, little and grown-up. The melons were donated by Miss Sarah McLean of the City of Angeles ferry boat.

Thanks are due the committee and all those who assisted with the work of the gala and in any way assisted in making it a success.

The prizes were then given out by Col. Peck, V.C., M.P.P., as follows:—

WEST HOLME TRIMS SIDNEY

Last Friday evening the Sidney baseball team met Westholme Hotel on the Royal Athletic Park, Victoria, and were defeated to the tune of 15 to 8 in a batting rampage featured by no less than 11 errors and bone-head plays by the Sidney aggregation. It was a night off with the local boys—and it is hoped that they got all the plays, fumbles, overthrows, etc., out of their system. The pill was hammered all over the lot by both teams and five times over the fence for homers—three for Sidney (Steele twice and Simpson once) and two for Westholme (both by "Tap" Rivers). Donaldson did the heaving for Westholme and got excellent support although he was touched up for 12 hits. With ragged support in the field and fumbles galore Sidney used three pitchers, Simpson, Silvester and Steele. This win for Westholme tied up the series between Sidney and the Westholme crew for the championship. The next and "crucial" game will take place at Sidney, either Saturday or Wednesday, next, depending on which date is most suitable to Westholme.

WEDDING AT HOLY TRINITY

DEEP COVE, Aug. 16.—A pretty wedding took place Monday at Holy Trinity Church, Patricia Bay, when Rev. Thomas Hughes united in marriage Miss Lottie Braithwaite, only daughter of the late Mrs. George Braithwaite and Mr. Braithwaite, of Deep Cove, and Mr. Gerald Godfrey Few, younger son of Mrs. Few, of Victoria. For the occasion the church had been prettily decorated with summer flowers by the superintendent and members of the Girls' Auxiliary, of which the bride was an active member. The bride entered on the arm of her father, who gave her in marriage. She looked lovely in her bridal gown of primrose floral silk marquisette, the skirt fashioned with a deep flounce and trimmed with orange blossoms. She wore a picture hat of mohair to match her gown. Her only ornament was a beautiful gold and pearl necklace set with peridots,

the gift of the groom. Miss Hazel Fletcher, of Victoria, was maid of honor and wore a frock of caravan silk, and hat to match. Mr. Walter Few, brother of the groom, was best man. During the service the hymn, "The Voice That Breathed O'er Eden," was sung, Mrs. Barker, of Victoria, at the organ. Mr. and Mrs. Few left immediately after the ceremony to spend their honeymoon motoring on the Mainland, to return about the middle of next month. For traveling the bride wore a smart beige cloth coat and model felt hat to match. On their return they will make their home at Mount Newton. The out-of-town guests were Mrs. Few, Miss Bertha Few, Mrs. Driver, Miss Hazel Fletcher, Miss A. Crossley and Mrs. Barker.

MRS. E. DAVID AND SON FLY TO VANCOUVER

That the elder generation of Victorians is as anxious as the younger people to test out travel by air was shown on Sunday afternoon, when Mrs. E. David, of Sidney, made the journey by air to Vancouver, in company with her son, Mr. Victor David. She has resided 65 years here, and this method of travel proved a novelty to one of the oldest residents of this district.

But telephone service was not suspended

Although the work was done right beside the operators, the young ladies performed their duties and telephone service continued without interruption while our men were installing new switchboard sections in the Douglas exchange, Vancouver. This is true of every new switchboard installation job at our exchanges.

We couldn't transfer our operators to some other exchange or send them home until the work was completed—because telephone service at Douglas had to go on.

It was a case of making the best of an unavoidable situation, and we are glad to say that service was kept up to its usual high standard.

Circle the Globe

1. The Fairchild cabin monoplane "City of New York" with her wings folded at Curtiss Field, N.Y., prior to being loaded on a transatlantic liner. 2. John N. Mears and Capt. C. B. Gollmer, his pilot, with the "City of New York" aboard. 3. The Empress of Russia which carried Mears and Gollmer across the Pacific with their plane "The City of New York" aboard. She was used by Mears in 1913 when he made his first world record.

Twice now, John Henry Mears has circled the world in record time. On each occasion the Canadian Pacific liner "Empress of Russia" has enabled him to beat all former records. Twenty-three days before his plane "The City of New York" landed at Curtiss field, L.I., Mears and his pilot, B. D. Gollmer, flew 700 miles out to sea and landed aboard the ship that conveyed him to France. Arrived in Europe, he flew from Cherbourg to Yokohama and boarded the "Empress of Russia" at Tokyo, where the white liner waited ready to dash across the Pacific

to Vancouver. From Vancouver to New York was covered by Mears' monoplane, which he carried with him on board. In his first article Mears prophesied success for himself and his companion because "the Canadian Pacific liner 'Empress of Russia' brought me luck when I broke the record in 1913 and I look on it as a good omen that she is to help me break the record again."

He succeeded in breaking the record even better than expected, the "Empress of Russia" bringing him in a day ahead of schedule, enabling him to hop across the

continent in his plane and arrive at Battery Park, New York, 23 days, 15 hours, 21 minutes, and 3 seconds after he had left on his journey eastward. He sent the following telegram to Mr. H. B. Reamont, of the Canadian Pacific Steamships at Montreal:—"Gollmer and I want to express our deep appreciation for the splendid cooperation we have received on our trip across the Pacific on the 'Empress of Russia.' Getting the ship in to Victoria Friday evening about midnight saved us a day and we are deeply grateful."

Re-forestation

Much has been said recently about re-forestation in B.C. The present forest is the result of natural re-forestation when the human hazard was not present to defeat nature.

Natural re-stocking of cut over lands is now going on, as may be seen almost everywhere, and nature will again re-establish the forests if only fire is kept out.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS
Vacant, unreserved, surveyed Crown
lands may be pre-empted by British
subjects over 18 years of age, and by
aliens on declaring intention to be-
come British subjects, conditional
upon residence, occupation, and im-
provement for agricultural purposes.

Full information concerning regu-
lations regarding pre-emption is
given in Bulletin No. 1, Land Series,
"How to Pre-empt Land," copies of
which can be obtained free of charge
by addressing the Department of
Lands, Victoria, B.C., or any Govern-
ment Agent.

Records will be granted covering
only land suitable for agricultural
purposes, and which is not timber-
land, i.e., carrying over 5,000 board
feet per acre east of the Coast Range
Range.

Applications for pre-emption are
to be addressed to the Land Com-
missioner of the Land Recording Di-
vision in which the land applied for
is situated, and are made on printed
forms, copies of which can be obtain-
ed from the Land Commissioner.

Pre-emption must be occupied for
five years and improvements made to
the value of \$10 per acre, including
clearing and cultivating at least five
acres, before a Crown Grant can be
received.

For more detailed information see
the Bulletin, "How to Pre-empt
Land."

PURCHASE
Applications are received for pur-
chase of vacant and unreserved
Crown lands, not being timber land,
for agricultural purposes; minimum
price of first-class (arable) land is \$5
per acre, and second-class (grazing)
land \$2.50 per acre. Further infor-
mation regarding purchase or lease
of Crown lands is given in Bulletin
No. 10, Land Series, "Purchase and
Lease of Crown Lands."

Mill, factory, or industrial sites on
timber land, not exceeding 40 acres,
and 8,000 feet per acre west of that
may be purchased or leased, the con-
ditions including payment of stump-
age.

HOMESITE LEASES
Unsurveyed areas, not exceeding
20 acres, may be leased as homesites,
conditional upon a dwelling being
erected in the first year, title being
obtainable after residence and im-
provement conditions are fulfilled and
the land has been surveyed.

LEASES
For grazing and industrial purposes
areas not exceeding 640 acres may be
leased by any person or company.

GRAZING
Under the Grazing Act the Provin-
ce is divided into grazing districts,
and the range administered under the
Grazing Commissioner. Annual graz-
ing permits are issued, based on num-
bers ranged, priority being given to
established owners. (See Review.)
They may form associations for range
management. Free, or partially free,
permits are available for settlers,
campers and travellers up to ten
head.
